

Longhorn '56

D.E. White

Dedication

We, the Seniors, of '56 wish to dedicate our annual to the many teachers who have aided us in our growth toward adulthood. We feel that without the guidance of their more experienced and mature lives, we would be lacking much of that which we have accomplished. We want to express our deep-felt appreciation for all the time, effort and leadership each one of them gave us. We hope they will be repaid three fold for their efforts when we are grown young men and women. This seems a good time and place to say "May God bless the teachers all over the world."

Foreword

We, the Seniors of 1956, are happy to present this annual. We hope you will treasure it in years to come.

Superintendent's Message

To the Seniors of '56:

No greater privilege hath any man than to have the love and respect of a group of fine young people like you. It has been a real joy to have had the privilege to work with and to come to know you. You have been an inspiration to me.

Before this Yearbook shall enter our homes, you will have completed your high school work. I hope each of you may have the opportunity to continue your studies, in college, and will be better prepared to meet the problems that lie ahead.

I hope you shall soon be employed in gainful occupations and will prove yourselves an asset to the community in which you live.

As I pen this message to you, the spirit of Christmas is everywhere. I would suggest that you know more about the teachings of Christ Jesus and that you follow his will.

Will Rogers said, "I never saw a man I didn't like." Learn to like people, but above all be the kind of person people will like. May God's richest blessings be yours always.

D. E. White, Superintendent

Principal's Message

Seniors, Student Body, and Faculty:

I will always be grateful for having been selected to the faculty at Forestburg High.

Since this is my first year as a teacher, I will always remember you with affection, and I want to take this opportunity to thank the teachers and student body for the cooperation they have shown in making this a successful school year.

I know I have not had the opportunity of knowing you seniors but a short time, but I hope, in some way, that I have helped to make your tasks easier. I hope I may have said or done something to inspire you to nobler things in life.

May you have the best of everything is my wish for each of you.

A handwritten signature in cursive script, reading "H. K. Lund".
